

Welcome to the first newsletter of 2008. This month we bring you two new ranges from the Carlisle Design Group focussing on both style and safety.

The new [Easi-Exit range of panic hardware from Eurospec](#) is now available and offers excellent performance, style and safety while from [Fingertip design we have a superb range of stylish cabinet handles and knobs](#) - more about these on page 2.

Safety and Security

The [Easi-Exit range has been designed and tested in the UK](#) to combine safety and optimum security with increased adaptability required by the modern specifier/supplier.

Don't gamble with safety!

Exceptional performance, quality and value

Whatever your application or budget the new Easi-Exit [panic and emergency exit hardware](#) provides the solution. You can choose the stylish touchbar or the value packed contract range or combine the two with our groundbreaking modular package.

Excellent Fire Resistance

Successfully fire tested to BS EN 1634:2000 and fire rated 30/60 minutes, Easi-Exit is rated Grade 1: suitable for fire resistance by BS EN 1125:1997 and the requirements of the Fire Precautions Act 1971.

Always consult the local fire offices for their interpretation of the act before finalising specification.

Legislative compliance

Easi-Exit comply fully with BE EN 1125: 1997 (touch and push bars) & BS EN 179: 1998 (push pad) in terms of manufacture, performance and testing and provides "safe and effective escape through the doorway with minimum effort and without prior knowledge of operation", as required for every new build or replacement application in buildings used by the public.

CE Marking

The mandatory CE mark clearly shows that product has been independently tested and assessed to BA EN 1125: 1997 (touch and push bars) & BS EN 179:1998 (push pad) for panic exit hardware.

British Standards

BS EN 179:1998 ~ [Emergency exit devices operated by a lever handle or push pad.](#)

BS EN 1125:1997 ~ [Panic exit devices operated by a horizontal bar.](#)

Available in both the [premium architectural 'Touchbar'](#) and [best value 'Contract' ranges](#) the new [Easi-Exit suite of emergency exit door hardware from EuroSpec](#) will suit all job specifications.

A full range of other accessories and fittings, including metal door fixings and photo luminescent 'push to open' signs are available to complement the range - read on for more information.

TOUCHBAR Range

Benefits at a glance

- Type B Touchbar and Pullmans to BS1125:1997
- Projection Grade 2 - Low Profile
- Fire tested to BS1634:2000, fire rated for 30/60 minutes
- Combines safety and optimum security
- 2/3 point vertical panic bolt
- Aesthetic silver/satin stainless steel finish
- Grade 1 safety, Grade 3 high frequency of use
- Maximum durability, maximum frequency
- Photo-luminescent pin stripe
- Touch bar comes complete with double door strike and single door strike included as standard
- Easi-close latches

Versatile in Use

Suitable for horizontal or vertical fixing on single and double doors in a wide variety of applications. Includes three point latching

Attractive and Stylish

With its silver and satin stainless steel finish, unobtrusive projection and elegant styling, Easi-Exit is ideal for any building where aesthetics are important.

Rugged and Durable

Tested to 20,000 operational cycles. Features high quality materials and robust construction for long lasting and reliable operation in areas of high frequency use.

Code	Description	Size	Finish
XIT5120/SV	Touch Bar Panic Latch	1200mm	Silver
XIT5120H/SV	Touch Bar Panic Bolt With Horizontal Pullman Latches	1200mm	Silver
XIT5120V/SV	Touch Bar Panic Bolt With vertical Pullman Latches	1200mm	Silver
XIT5760/SV	Touch Bar Panic Latch	760mm	Silver
XIT5760H/SV	Touch Bar Panic Bolt With Horizontal Pullman Latches	760mm	Silver
XIT5760V/SV	Touch Bar Panic Bolt With vertical Pullman Latches	760mm	Silver

PUSHPAD Latch

Benefits at a glance

- Attractive design
- Smooth simple design
- Easy installation
- Complies with BS EN 179
- Supplies complete with phot luminescent left & right handed push sign
- Easi close latch

Versatile in use

This product is non handed and can be fitted on both left and right handed outward opening doors.

For internal use only.

EXTERNAL Lock

Benefits at a glance

- Supplied complete with MP5 3 keyed cylinder
- Unique pull to open design
- Non handed
- Keyed alike / master key option on MP5, MP10 & MP15 grades

Ease of use

This product is designed to operate with most Emergency and Panic Exit devices which are fitted to comply with EN1125 or EN179

Non handed - therefore can be fitted on both left and right handed doors.

CONTRACT Range

Benefits at a glance

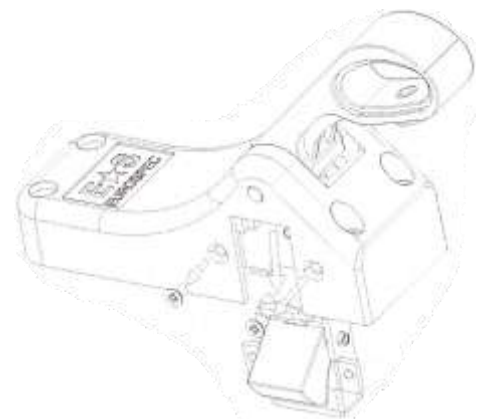

- Type A compliant to BS EN 1125:1997
- Fire tested to 30/60 minutes BS1634:2000
- Single & Double door
- 1200mm bar option available
- Complements push pad panic latch and locking attachment
- Metal door fixing kit

Safe and Simple to install

The contract range delivers the classic simple to install panic bar solution for both new and retro-fit situations.

Emphasis on detail

Contract range doesn't mean reduced quality, all casings are passivated prior to coating to reduce corrosion, rod guides are plastic sleeved to provide ease of operation for years. Double door strikes are included as standard in all fixing packs. Cover caps are also included to provide the finishing touch to every installation

Easi-Exit latch reversal System

All items in the [Easi-Exit panic and escape hardware](#) range are covered by a full 10 year guarantee against defects in materials or workmanship.

Buy Online
www.acsissling.com

A growing selection of our product range can now be purchased online from our webstore at www.acsissling.com. Payment can be made securely by credit card, which won't be charged until the products are ready for despatch.

Account customers can use the store as an online catalogue, just give us a call when you have found what you want.

We are working on integrating live accounts into the store so you'll be able to order online and be invoiced in the usual manner - more about this in the next edition of our newsletter

Online you'll find a wide selection of products including:

Builders hardware - Mailboxes and key cabinets - Window fittings and security hardware - Spax screws and screw systems - Door fittings, sills, accessories and weather protection - Locks, latches & door security hardware - Traditional black iron door hardware - Door knob and rim knob door furniture - Door levers on backplate and door pulls - Door controls and emergency exit hardware - Shelf support systems - Cabinet hardware by Fingertip Design - Door, gate and cabinet hinges - De'Leau bathroom furniture - W.C. Cubicle fittings - Sliding door gear, cabinet hinges and drawer slides.

If the hardware you are looking for is not listed on our web site, and we are adding more lines daily, it doesn't mean we don't have it, and even if its not in stock for immediate despatch we will certainly be able to source for you, usually within a couple of days.

Just give us a call, we'll be happy to help.
