

# Ares 2

## Sliding door system for wardrobes

## Ares 2

**USE: Internal sliding wardrobe or cupboard door kit for doors of wood, MDF or laminate**

Ares 2 is a versatile twin track sliding door system for use with two or three doors and is ideal for sliding wardrobe doors. The system features high quality bottom mounted rollers on ball bearings with top mounted guides, each running on high quality aluminium tracks.

- Aluminium track for a durable, long lasting finish
- Double track top and bottom means that positioning can be adjusted to accommodate different depths of doors
- Bottom fixed rollers are mounted on ball bearings for extra smooth and quiet running
- Adjustable top mounted guides make installation and removal of doors easy
- Anti-jump system means wheels will always run smoothly
- Additional door kit available without track
